## ICFAI students' research papers accepted at leading IEEE conferences

### SE Report

**GANGTOK, July 8:** MCA students from the ICFAI University, Sikkim, have achieved a significant milestone in their pursuit of academic excellence and research innovation.

The research papers of two teams of MCA students from the School of Information Technology under ICFAI University, Sikkim, have been accepted for presentation at prestigious leading IEEE conferences.

The achievement is a testament to the university's growing reputation as a center of quality research and higher learning, informs a press release.

The paper titled 'Enhancing Offline Signature Forgery Detection Using Image Processing and Adaptive Deep Feature Fusion,' authored by Dheeraj Kumar Prasad, Ghana Maya Sharma, and Pravesh Rai under the guidance of assistant professor Rahul Shah, has been accepted for presentation at the International Conference on Intelligent and Secure Engineering Solutions (CISES-2025) organized by GL Bajaj Institute of Technology & Management from August 8 to 10.

Similarly, the paper titled 'Noise Pollution Classification Using Deep Learning,' authored

by Aditya Sharma, Madhusmita Sen, and Agimik Sengat B. Marak under the mentorship of assistant professor Dhiraj Prasad Jaiswal, will be presented at the International Conference on Sustainability, Innovation & Technology (ICSIT-2025) hosted by Symbiosis Institute of Technology on August 22-23.

Both papers have received positive reviews, and the reviewers have recommended them for inclusion in the final conference programs and subsequent publication in the IEEE proceedings, which is a significant recognition in the academic and research community.

The university congratulates the students and their faculty mentors for this remarkable achievement, which reflects the institution's continued emphasis on promoting research, innovation, and academic rigor.

Speaking on the occasion, vice chancellor Prof. (Dr.) Jagannath Patnaik, expressing his delight, shared, "Our students' success in international forums is a clear indication of their potential and the quality of education imparted at ICFAI University, Sikkim. We are committed to nurturing a vibrant research culture and enabling our students to contribute

meaningfully to technological and societal advancement."

This achievement not only brings pride to the university but also motivates the larger student community to actively engage in research and scholarly pursuits.

The ICFAI University, Sikkim, remains steadfast in its mission to develop future-ready professionals and thought leaders, the release mentions.
