

ALUMNI SPEAKS

Name: Adithya Pradhan
Program: BBA 2015-18
Working with: HDFC Bank Ltd.
Designation: Personal Banker – Sales
Posting: Ravangla, South Sikkim

I have completed my graduation in BBA from ICFAI University, Sikkim in 2018. I got recruited and hired in HDFC Bank Ltd. in my last semester through campus placement. I was amazed in getting the opportunity to work with my dream company. I got every scope to choose a company from the top companies of India, who visited ICFAI University, Sikkim for campus placement. So I was able to get the job in the number one bank of India. This is possible because of the effort given by the committed faculty members, soft skill trainers and dedicated placement cell at IUS. As I was undergone both theoretically and practically equipped with soft skills training and the opportunity given to participate in major conferences like North East India Model United Nation (NEIMUN), this all helped me to go through successfully in the interview process of such a big company. I would like to take this opportunity to thank the University, all caring professors and staff members. I wish them all the best for the future endeavor.

Sincerely,
Adithya Pradhan
