

Operation Sindoor

An awareness session on "Operation Sindoor" was conducted on the 8th September 2025 at the university campus. by Brigadier Kunal Mukherjee, Commander, 17 Mountain Artillery Brigade. The event provided a great experience for the students, fostering awareness and understanding of the operation. An interactive session was also held, allowing students to

engage directly with Brigadier M. The initiative received positive feedback and contributed significantly to the students' knowledge.

The session included a detailed presentation highlighting all the targeted areas, the hits achieved, and emphasizing the success of the entire surgical strike. For context, a surgical strike is a precise and targeted military operation aimed at specific objectives with minimal collateral damage, executed through careful planning and efficient execution. The initiative received positive feedback and contributed significantly to the students' knowledge.

95 students from Law Department participated in the session.
