NOTICE

The ICFAI University, Sikkim is a premier educational institution in the State of Sikkim and adjoining areas. The University has always strived to provide the quality education and training to the students, thereby ensuring their all-round development and employability. We hold our reputation and standing in the society in high regard, as it directly reflects on our students and alumni.

However, it has been brought to the knowledge of the ICFAI University that many of our students are indulging in activities that are not in consonance with the ideals and rules of the university and also as your status as students of a University. It is reiterated that the ICFAI University has and will always focus on maintaining discipline among the students. Once a student is registered with the University, maintenance and adherence to disciplinary requirements are not just confined within the premises but extend to outside as well. As such, any act of indiscipline like smoking in public either in or without a uniform, consumption of alcohol and being in an intoxicated state, use of drugs, fighting, or any act of indecency will not be tolerated by the University. These acts, even though committed outside of the university premises, tarnish the image and goodwill of the University as well as that of our students. As such, the University holds the right to take strict disciplinary action, as per the provisions of the University rules and regulations, in case of any acts of indiscipline, indecency, or unethical activities as mentioned above.

Furthermore, the University shall not be responsible for any legal actions that may be initiated against any student or students involved in wrongful or illegal activities either within or outside the University premises, by the relevant authorities of the State or the Central government.
