

About IIC

In 2018, the Ministry of Education (MoE), through the MoE's Innovation Cell (MIC), launched the Institution's Innovation Council (IIC) program in collaboration with AICTE for Higher Educational Institutions. The initiative aims to systematically nurture a culture of innovation and strengthen the start-up ecosystem within educational institutions.

The primary role of IICs is to actively engage faculty members, students, and staff in various innovation and entrepreneurship-related activities such as ideation, problem solving, proof of concept development, design thinking, intellectual property rights (IPR), project management, and activities at the pre-incubation and incubation stages. These initiatives help establish and strengthen a sustainable innovation and entrepreneurship ecosystem within HEIs.

Vision and Mission

- Vision: To inspire and empower students and faculty of The ICFAI University, Sikkim to innovate, solve real-world problems, and lead entrepreneurial ventures.
- Mission: To provide a structured framework for ideation, experimentation, and transformation of innovative ideas into viable products or start-ups.

Objectives

- Promote innovation and entrepreneurial thinking among students and faculty.
- Organize workshops, seminars, hackathons, and competitions for idea development.
- Facilitate networking opportunities with entrepreneurs, investors, and incubators.
- Foster collaboration between academia and industry through innovation-driven activities.
- Encourage prototype development, patent filing, and start-up formation.

The ICFAI University Sikkim has established an Institution's Innovation Council (IIC) – IC201912371 in accordance with the guidelines of the Innovation Cell, Ministry of Education, Government of India in the year 2019. The council aims to promote innovation, entrepreneurship, and creative problem-solving among students and faculty members.

Institution's Innovation Council
