

## ICFAI Business School (IBS) Expands Presence in Sikkim

A high-level team from ICFAI Business School (IBS), consisting of key members including the Member Secretary of ICFAI Society, the Director of IBS Kolkata, the Academic Coordinator of IBS Group, and the Joint Registrar of Infrastructure IBS, recently visited ICFAI University Sikkim. The purpose of their visit was to conduct an on-site inspection for the establishment of

IBS as a constituent department of ICFAI University Sikkim, thereby making it part of the country's premier institution.

IBS has been recognized as one of the best B-Schools in the country since its inception in 1995. It is renowned for its excellent academic delivery and infrastructure, providing innovative and globally accepted programs for students, along with ample opportunities for all-round development. The unique feature of 100% case-based learning sets IBS apart from other institutions, transforming its students into future leaders.

Currently, IBS campuses are located in Hyderabad, Bangalore, Ahmedabad, Gurgaon, Kolkata, Mumbai, Dehradun, Jaipur, and Pune. These campuses offer two-year, full-time Management Programs that prepare students for successful corporate careers. IBS takes a unique and innovative approach to business education, focusing on providing the right knowledge, skills, and attitudes for enduring success in management careers.

The two-year MBA program at IBS is designed to give graduates exposure to the management skills needed to become specialists who can integrate across functional areas in a dynamic organization. The program provides a broad perspective on all areas of management, with an emphasis on practice-oriented courses. These courses aim to equip students with a managerial perspective in formulating and implementing corporate strategy, and encourage them to make critical and analytical decisions considering business considerations and ethical implications.

In addition to the core and specialized courses, IBS offers a Summer Internship Program (SIP) which allows students to bridge the gap between the professional world and academic institutions. The program exposes students to real-life situations, helping them develop technical and social skills required in a professional environment.

IBS also focuses on developing students' soft skills, including English language proficiency, presentation skills, self-confidence, interpersonal skills, team building, and leadership. These skills are crucial for effective participation in selection procedures adopted by corporate recruiters and for operating effectively in the dynamic business environment.

The highly rigorous program at IBS, along with its case teaching methodology, prepares students to face the challenges of today's corporate world. By analyzing real-life business cases and discussing them in class, students are placed in the shoes of real-world managers, honing their decision-making skills.

The IBS Alumni Federation offers graduates access to a vast network of professionals, providing endless opportunities for connection, relationship building, participation, and continued learning. As a membership organization comprising over 58,000+ alumni, the Federation has a rich history of bringing alumni together to support the Institute, its students, and each other.

With the establishment of IBS as a constituent department of ICFAI University Sikkim, the future looks promising for aspiring management professionals in Sikkim, who will benefit from IBS's proven track record of excellence in education and opportunities for personal and professional growth
